May it please the Chairmen and Members of the Honorable United States House Select Panel on Impeachment, USDJ **Amos L. Mazzant III** (Eastern District of Texas) must now be and therefore hereby now is directly referred unto your Panel for immediate initiation of formal full impeachment proceedings, in lieu of his any voluntary agreement to immediately retire **with**

forfeiture of all present and future governmental pensions, annuities, services and other benefits of any kind whatsoever, as natural consequence of wantonly direct and willfully repeated acts of knowing treason against his office and oath as per the attached Verified Criminal Complaint and Notice of Tort Claims, which details the many federal felony crimes he is clearly 100% guilty of, perpetrated by his own hand in black-and-white, also reminding that pursuant to expressly required statutory duty, the United States Attorney “*shall*” prosecute “*all crimes*” against him.

Also demanded herein, pursuant to 28 USC § 631(i), is assurance of the parallel removal from office and joint prosecution of Mr. Mazzant’s routine partner-in-crime, E.D.TX magistrate judge **Christine A. Nowak**, for her own repeated bad behaviors in ongoing, affirmatively willful and intentionally gross derelictions that go well beyond mere egregious “incompetency, misconduct, neglect of duty” as the fairly low statutory grounds for removal of such magistrate judges. *Id.*

As detailed by and through the attached enclosures, Mr. Mazzant and Ms. Nowak are clearly guilty, and on multiple separate occasions constituting a pattern and practice, together with over one dozen other federal judges and magistrates throughout the four Districts of Texas under substantially identical situations perpetrating the exact same wanton criminal misbehaviors and outrageously deliberate indifference to well established fundamental rights, of absolute knowing total and completely fraudulent obstructions of even the most basic elements of justice and due process, all done to purposely cover up, aid, abet, and affirmatively shelter and protect wholly criminal human trafficking and exploitation of minor children on a truly massive nationwide scale, which daily defrauds the United States of tens of millions of dollars as the knowingly treasonous byproduct of feloniously maintaining an ongoing windfall system of clearly unjust enrichment schemes and artifices of the legal professionals themselves, i.e., federal judges and magistrates are routinely perpetrating such willful acts of direct treason against their oaths and

offices, and knowingly against this nation and its people, done on purpose, to materially assist their own personal and political friends and co-workers and other colleagues, state judges and attorneys engaged in the family law racketeering business of daily fleecing of citizens from basic due process protections ostensibly guaranteed by the Federal Constitution, in order to also fleece their very flesh and blood offspring from them, so as to further fleece and extort their victims' bank accounts and other monies in an endless dog and pony show of equally endless barratry.

In particular highlights of said enclosures, please duly note that ALL of the same said federal judges and magistrates to be jointly named defendants via said RICO suit filed in the CFC are all equally guilty of that same total list and "least common denominator" set of federal and (Texas) state felony and misdemeanor crimes (*see* your attached enclosures), because each and every one of them is black-and-white guilty of no less than at least:

- (A) *always* unlawfully elevating form over substance in order to ignore the serious merits;
- (B) *always* perpetrating flagrant class discrimination and anti-trust violations, in routinely accepting and granting any kind of slop from an attorney even in his/her direct fraud upon the court while refusing the real law and the real rules in play from any *pro se* litigant;
- (C) *always* unlawfully ignoring the express language of federal statute 28 USC 1443 that directly provides jurisdiction with expressly stated purpose and intent to intervene in a state case, by falsely and fraudulently pretending they have no jurisdiction *because* it involves a state case;
- (D) *always* unlawfully ignoring that civil rights encompass many more well established rights than just the single subtopic of racial inequality, and knowingly falsely using that single subtopic of racial inequality to effectively erase the clear and plain statutory language of

(any and/or all..., just plain all) “civil rights” within the same statute of 28 USC 1443, in order to unconstitutionally deny all equal access to the courts;

(E) *always* unlawfully ignoring their mandatory duties under law and rules to issue out certified letters, of the formally raised facial constitutional challenges to statutes, unto the respective Attorneys General

(F) *always* unlawfully ignoring their mandatory duties under statute and rules to either accept formal requests for judicial notice of controlling case facts or set and hold the required evidentiary hearing upon the same issues as mandated by FRE 201, by refusing to do either one whatsoever;

(G) *always* unlawfully ignoring the very existence of formal facial challenges to statutes filed in the express manner as provided by law and of which standard procedures they are very well aware of on a standard basis coast to coast, and never once even remotely addressing the very same glaring direct and formal constitutional challenges at any time throughout the case proceedings, at all whatsoever, despite that facial challenge being the primary gravamen and express focal point of the entire given case at bar;

(H) *always* unlawfully ignoring the duly claimed right of Trial by Jury to decide the factual question of whether or not civil rights violations are occurring due to facially repugnant statutes, which is required in Section 1443 facial challenge cases, exactly as these judges and magistrates have been duly advised by said requests for judicial notice of the fact that the SCOTUS has repeatedly affirmed such requirement to determination of jurisdiction;

(I) *always* unlawfully ignoring the given formally-filed Notice of Judicial Disqualifications and any follow-up Motion for Recusal, even when the particular judge, by being prior a

state “family court” judge himself or herself, is flatly and unquestionably disqualified under ALL FIVE (5) of the five (5) grounds for recusal mandated by 28 USC § 455;

(J) and, *always* unlawful ignoring their mandated, non-discretionary duties to have charged and arrested the same state and local government actors complained of who violate citizens' basic due process, constitutional rights, civil rights and other federal rights.

Speaking of which, said RICO lawsuit, to be filed in the CFC after the new Congress begins Session at 12:01pm Eastern on the 3rd of January, 2019, will be covering a lot of ground in regards to the glaring fact that all federal magistrate judges across the nation should be just now terminated in their entirety, all of them removed from office, since each and every one of them – just like Ms. Nowak here – is totally and completely in fully flagrant daily derelictions of their basic PRIMARY duty, as having those wayward state and local government actors arrested and prosecuted for violating the civil rights of citizens IS, in actual fact, THE number one (No. 1) reason for the very existence of every magistrate judge. Title 28 of the United States Code, related CFR provisions, and certain rules and regulations may cover all of the operational, hiring, salary, and other normal parameters, but THE VERY REASON FOR EXISTENCE of every single federal magistrate judge comes from **42 USC § 1989**, which clearly states, in its entirety:

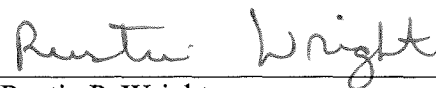

42 U.S. Code § 1989 - United States magistrate judges; appointment of persons to execute warrants

The district courts of the United States and the district courts of the Territories, from time to time, shall increase the number of United States magistrate judges, so as to afford a speedy and convenient means for the arrest and examination of persons charged with the crimes referred to in section 1987 of this title; and such magistrate judges are authorized and required to exercise all the powers and duties conferred on them herein with regard to such offenses in like manner as they are authorized by law to exercise with

regard to other offenses against the laws of the United States. Said magistrate judges are empowered, within their respective counties, to appoint, in writing, under their hands, one or more suitable persons, from time to time, who shall execute all such warrants or other process as the magistrate judges may issue in the lawful performance of their duties, and the persons so appointed shall have authority to summon and call to their aid the bystanders or posse comitatus of the proper county, or such portion of the land or naval forces of the United States, or of the militia, as may be necessary to the performance of the duty with which they are charged; and such warrants shall run and be executed anywhere in the State or Territory within which they are issued. (emphasis added)

Of course, 42 USC § 1987 refers to “sections 5506 to 5516 and 5518 to 5532 of the Revised Statutes” which are now recodified into and under the various “Civil Rights Crimes” provisions of Title 18, including 18 USC §§ 241 and 242, which makes federal felony crimes of state and local government actors violating and/or conspiring to violate civil rights of citizens, and the MANDATORY DUTY of Section 1987 is perfectly clear, hence Ms. Nowak had better start doing her actual job, right now today, and have the corresponding state court judge, Baird, the wildly crooked opposing attorney in criminal misconduct, Gibo, the Lamar County clerk, Ms. Shawntel Golden, and the individual Respondent, Ashley Womack, immediately ARRESTED.

Respectfully submitted,
